**Plums:** 10 lbs/acre applied post-harvest before leaf fall. Repeat if necessary leaving 10 to 14 days between applications. Also, 5 to 10 lbs/acre applied from bud burst to start of flowering.

Water rate: 50 to 100 gallons/acre.

**Strawberries (Field Grown):** 5 lbs/acre applied from green bud to just prior to start of flowering. Also, 5 lbs/acre post-harvest, pre-leaf senescence. Water rate: 20 to 50 gallons/acre.

## DIRECTIONS FOR USE

ALWAYS FOLLOW THESE LABEL INSTRUCTIONS

Pre-mix with water at a rate of 3 kg to 5 litres. *Always add powder to water.* Filter the pre-mix into the partly-filled tank, while agitating. As an alternative to pre-mixing, the product may be slowly washed into the partly-filled tank, through a very fine filter. Top up the tank with water and *continue to agitate* until spraying is completed. ***Extended recommendations available***

## TANK MIXING/CO-APPLICATION

Read ALL labels carefully and adhere strictly to the instructions for use and advice regarding whether or not product(s) should be co-applied. Many variables, outside the control of Yara, can influence the performance of co-applied products and therefore co-application is entirely at the risk of the end-user. It is strongly recommended that a limited application is made initially when using unfamiliar product mixes. *Before co-application of products you, or your advisor, must visit [www.tankmix.com](http://www.tankmix.com) for important information. Alternatively, contact YARA NORTH AMERICA for specific advice.*

## PRECAUTIONS

*Only to be used on protected crops if specifically listed.* Avoid application under extremes of climate, e.g. rapid drying conditions, extremely slow drying conditions, frost, rain, or when frost or rain are anticipated. Wear suitable gloves and faceshield when handling this product. Clean all equipment before and after use.

## STORAGE

Keep in a cool, dry chemical store, out of reach of children and livestock. *Protect from frost (39°F) and other climatic extremes. (temperatures exceeding 100°F)*

## CONDITIONS OF SALE - LIMITED WARRANTY AND LIMITATIONS OF LIABILITY AND REMEDIES

The directions on this label are believed to be reliable and should be followed carefully. Insufficient remedy of nutritional problems on the crop to which the product is applied may result from the occurrence of extraordinary or unusual weather conditions, the failure to follow the label directions, or good application practices, all of which are beyond the control of Yara or the seller. In addition, failure to follow label directions may cause injury to other crops, animals, man or the environment. Yara warrants that this product conforms to the chemical description on the label and is reasonably fit for the purpose referred to in these directions for use subject to the factors noted above which are beyond the control of Yara. Yara makes no other warranties or representations of any kind, express or implied, concerning the product, including **no implied warranty of merchantability or fitness for any particular purpose** and no such warranty shall be implied by law. The exclusive remedy against Yara for any cause of action relating to the handling or use of this product is a claim for damage and in no event shall damages or any other recovery of any kind against Yara exceed the price of the product which causes the alleged loss, damage, injury, or other claim. Yara shall not be liable and any and all claims against Yara are waived, for special, indirect, incidental, or consequential damages or expenses, of any nature, including, but not limited to, loss of profits or income, whether or not based on Yara's negligence, breach of warranty, strict liability in tort or any other cause of action. Yara and the seller offer this product and the buyer and user accept it, subject to the foregoing conditions of sale and limitation of warranty, liability and remedies.
